Trivia Questions...

At last years banquet, everyone enjoyed a piece of the past with trivia question. If you have trivia to share, please include it with your response and please include the answers.

LETS DO THE MATH...

The alumni association sends out 4500 newsletters. If each person that receives the newsletter would purchase just the two raffle tickets that are enclosed...

\$2 x 4500 members = \$9,000
\$9,000 divided by \$500 for each scholarship =
18 scholarships!!!!!!

Wouldn't it be wonderful for our senior class if we could award 18 scholarships!

It would only cost each alumni \$2 each.

If you would like more than the 2 that are enclosed you can send the money and we will fill the rest out for you!

Please send your raffle tickets back with your two dollars.

THANK YOU VERY MUCH!
